Hunter Athletics

Term 3 Week 6

The importance of sports and games and participation at events like our Zone and Hunter carnivals through school encompasses more than just the benefit of physical activity. It increases self-esteem and mental alertness and creates opportunities for students to contribute to the school community, which may cultivate an increased commitment to, or identification with school and our values. It provides each student with the opportunity to try new activities and allows individual skills to shine. It can be through school sport that we recognise a talent and are given the chance to pursue this talent.

We as a school are passionate about exposing the many sports that are available, because one day a hidden talent might just shine through.

Congratulations to our students who participated at the Zone Athletics Carnival and have been selected to attend the Hunter Carnival today.

Our school website has our updated enrolment policy. If you have any question relating to this policy, please make contact with the school office.

In 2018, 1285 schools across Australia moved from pencil and paper Naplan tests to ONLINE testing. It is advised that every school will move to this form of testing by 2020. In Week 7, our students in the primary classroom will be sitting a practice online NAPLAN test. This is for the purpose of preparation of our school readiness. It is to test our equipment and offer support that may be needed by having this practice.

Have a wonderful fortnight
